Subject: Directory Opus Registration Retrieval
Date: Tue, Mar 17, 2020 5:28 pm
Attachments: Directory Opus Program Certificate.opuscert (1K)

Dear VINNIE GROVER,

You recently requested retrieval of your registration code for Directory Opus.
This request was received from the IP address 165.225.35.38.

Your registration code is: M3V9N-24REA-ZBVYF-VT97H (Directory Opus 12)

Your Program Certificate is also attached to this message. Please follow the steps at the bottom of this email to install your certificate.

Please save this message in a safe place. You will need your registration code for technical support and future upgrades.

Please contact us at support@gpsoft.com.au if you have any questions about this.

Regards,
GP Software

To activate your registration using your Program Certificate:

1. Locate the "Directory Opus Program Certificate" file attached to this email, and using your email program, save it to disk.
2. Double-click the file, or right-click it and choose 'Open' from the context menu.

If the above steps fail, you may need to install your Certificate manually.

1. When you run Directory Opus, the Licence Manager may appear automatically. If it doesn't, click the "blue question mark" help icon in the top-right of the window to open the Help menu, and select the Licence Manager command.
2. Click the Install New Certificate button in the Licence Manager.
3. Click the Load button to load the certificate file you saved from this email.
4. Click the Install button to install the loaded certificate.
